Opening July 2026
Stenegård, Järvsö
Moiwak.com

An introduction to a new
Premium Outdoor &
Lifestyle Retailer

Moiwak®

Outdoor Supply

Moiwak
An introduction

A summary

Moiwak is Järvsö's first premium outdoor and lifestyle multibrand retailer, opening in July 2026 at Stenegård – one of Hälsingland's finest 19th-century heritage estates and a UNESCO World Heritage Visitor Centre. We operate across two channels: a physical store at Stenegård, benefiting from 100,000+ annual visitors to Järvsö, and later this year, e-commerce at Moiwak.com.

Our assortment will span performance apparel from premium brands, hard-use equipment, footwear, accessories, artisanal craft objects and quality food provisions – always selected on merit, longevity and ethical production. We are not a discount retailer. We invest in long-term brand relationships and present products in the context they deserve: surrounded by the landscape they were made for.

Our long-term vision is to establish Moiwak as a destination with a more widespread footprint in Scandinavia for families and people like us: for whom nature, friendship, food, adventure and stillness are the very fabric of a meaningful life. We are now looking for the right brands to join our journey.

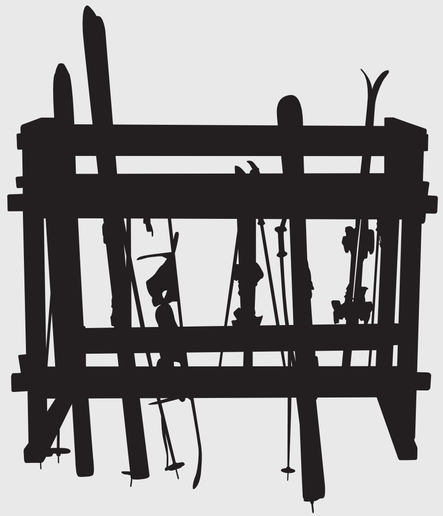

We very much hope you will be one of them.

Thomas & Sofia Norring Kurppa,

The Founding families of Moiwak

Born from friendship, rooted in Järvsö

Our story

Moiwak was born from the friendship of three families united by a shared love of Järvsö, a small, remarkable community in the Swedish highlands. What began as weekends and summers in the area eventually led us all to put down roots here: building houses, raising children, and spending more time in the forests, mountains, rivers and trails to balance our otherwise demanding lives in the city. Skiing, hiking, mountain biking, fishing, paddling, these are not hobbies we've picked up for the occasion. They are why we are here.

Our backgrounds are as varied as they are complementary. Måns and Thomas have spent 17 years building the international design agency Kurppa Hosk and for the last 7 years consultancy group Eidra. Jessica brings deep marketing experience from TV4, H&M and Netflix, along with roots in Ecuador. Sofia is a physiotherapist focusing on holistic health. Rasmus, formerly in design and brand management at IKEA, retrained as a firefighter to have more time to spend in nature.

Peter runs Sardin, a critically acclaimed restaurant in Stockholm. Linda and Nusin hold senior leadership roles at H&M – including years based in China. Hanna Hosk, Måns's sister, rounds out the founding team as our AI and digital lead – bringing the technical and strategic capabilities that underpin our e-commerce ambitions. Our families together also includes eight energetic kids and four dogs.

Together, we bring professional depth in brand, design, media, sustainability, health, hospitality and technology – alongside a genuine, lived connection to this place and the lifestyle it represents. That connection comes with a responsibility we take seriously: as individuals, we are deeply committed to living and consuming more sustainably, and that conviction is fundamental to everything Moiwak does.

Two channels. One brand.

Business model

Physical store

Stenegård, Järvsö, open July 2026

- Immersive in-store brand experience
- Expert staff who use the gear
- Walk-in traffic: 100,000+ annual visitors
- Year-round with seasonal collections
- Workshop and event space on site

E-commerce

Moiwak.com – live end of 2026

- Full catalogue available online
- National and international reach
- Story-driven product presentation
- Editorial content and brand storytelling
- Click-and-collect from store

Järvsö — A world-class outdoor destination without a premium outdoor store.

The opportunity Järvsö

Järvsö is Hälsingland's beating heart of outdoor adventure – a four-season destination drawing visitors from across Sweden and Europe for world-class mountain biking, alpine skiing, hiking, running, fishing and kayaking. It is part of the UNESCO World Heritage region of Hälsingland's Decorated Farmhouses, weaving outdoor adventure with extraordinary cultural heritage. It's also the gateway to the greater north of Sweden with about a million* people passing by each year to reach hundreds of other outdoor destinations. However, Järvsö misses a premium outdoor-store.

#1 Bike park in Sweden 2023 % 2024 and 27000+ cycle days per season.

10 × visitor growth 2010-2018.

250.000 visitors/year and 1 million people passing by/ year.

*ÅDT-data from Trafikverkets Traffic flow map

Our first physical destination – Stenegård

The opportunity
Stenegård

Our first store opens July 2026 at Stenegård – one of Hälsingland's finest 19th-century heritage estates, built between 1856 and 1886. Today it is Järvsö's foremost cultural and tourist landmark, serving as the UNESCO World Heritage Visitor Centre for the Decorated Farmhouses of Hälsingland. Stenegård welcomes tens of thousands of visitors each year – bringing together outdoor adventurers, cultural travelers and families in one extraordinary setting. It is not a shopping centre. It is exactly the right environment.

UNESCO World Heritage Visitor Centre

Only venue of this kind in the Järvsö area – extraordinary cultural positioning for a premium retail concept.

Built 1856-1886

One of Hälsingland's finest model estates. Heritage, atmosphere and place – built in.

100,000+ annual visitors to Järvsö

Mountain bikers, skiers, runners, hikers, paddlers and families – exactly the Moiwak customer.

Four-season foot traffic

Year-round outdoor seasons mean continuous store traffic from opening day.

Customer segments and how we address them.

Segment	Size (Järvsö/national)	Profile	Driver	Expected Purchase	Acquisition Channel
01. The MTB Enthusiast	27,000+ visits/season (bike park)	M/F 25-45. Performance-focused. Prefers the right product over the cheap one.	Performance apparel, protection, shoes, hydration, tools	SEK 1,500-3,500 impulse + planned	Physical store at Stenegård; Instagram/MTB communities
02. The Ski Enthusiast	Järvsöbacken: one of Sweden's most-visited ski areas	Families + adult couples. High purchasing power. Large share from Stockholm.	Winter clothing, accessories, gear upgrades, gifts	SEK 2,000-5,000 planned purchase	Physical store, e-commerce, Google/Meta ads in winter
03. The Stockholmer on a Weekend Trip	~500,000 households within a 3h drive	Urban upper-middle class with high discretionary spend. Chooses experience.	Authentic products, place, atmosphere – Moiwak as part of the trip	SEK 1,000-2,500 mixed category	E-commerce pre-trip; physical store; Stenegård events
04. The Järvsö Local/ Cabin Owner	~3,500 residents + ~2,000 permanent cabin owners	Loyal regular customer. Local pride. Can become an ambassador.	Ongoing year-round needs: clothing, food, equipment	SEK 600-1,500 high purchase frequency	Physical store; local marketing; loyalty program
05. The Cultural Tourist (Stenegård)	30,000-50,000 Stenegård visitors/year (est.)	Broader demographic. Drawn by the UNESCO site and events.	Gift items, crafts, food – impulse-driven	SEK 400-1,200 impulse	Store visible from Stenegård entrance; signage
06. The Eco-Conscious Consumer	National: fastest-growing segment	Well-educated, high income. Researches carefully. Brand-loyal.	Sustainability, transparency, 'the right brands'.	SEK 2,500-5,000 carefully considered purchase	E-commerce (SEO, editorial content); social media
07. International 'Coolcation' Tourist	Sweden +12% in 2024; trend accelerating	Escaping southern Europe's heat. Seeking authentic Nordic nature + culture.	Scandinavian outdoor experience – wants 'the real thing'	SEK 1,500-4,000 travel-souvenir purchase	E-commerce (English); Stenegård walk-in; Visit Sweden

Curated around one idea: the things worth carrying.

The concept
Assortment

Performance apparel & equipment
Carefully selected brands for activities in mountain and forest. Technical clothing, footwear, hard goods, accessories – everything functional, durable, and worth owning.

Food provisions
Simple, quality food products – packed for the trail, the bike park, a day on the river, or enjoyed in-store with the village's best espresso.

Artisanal craft & objects
Textiles and objects from Järvsö and from places we love across South America, North America and beyond – each piece unique and traceable.

What we don't carry
Fast fashion, unverified supply chains, brands without environmental commitment. If it doesn't earn its place, it isn't on our shelves.

The Look & Feel

Sustainability is not an afterthought. It is a filter.

Our commitment
Sustainability

As individuals, we are deeply committed to living and consuming more sustainably, and that conviction is fundamental to everything Moiwak does. We prioritise locally produced food and goods, short supply chains, and brands that share our commitment to responsible materials, honest manufacturing and long product lifespans. This is also why we are joining 1% FOR THE PLANET.

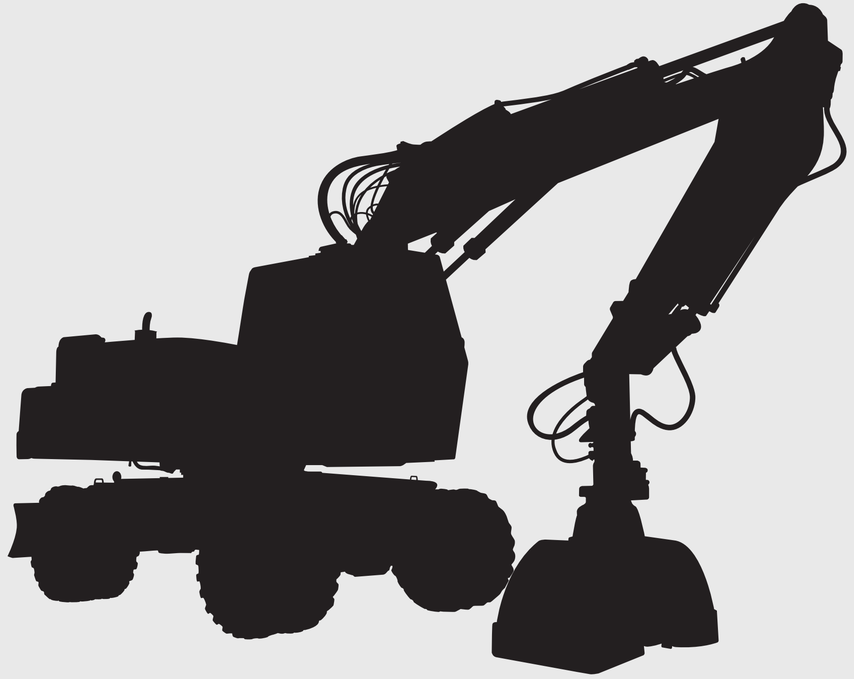

Brands with environmental commitment
Credible sustainability programmes, repair initiatives and responsible sourcing – non-negotiable criteria for every brand partner.

Longevity over consumption
We sell gear that lasts a decade. Not fast fashion. Not trend cycles. Products worth repairing.

Local roots, global standards
Embedded in the Järvsö community – sourcing locally where possible, giving back to the region.

No-waste store philosophy
Minimal packaging, digital-first receipts, a repair-and-resell corner in-store.

How we build the brand.

Brand & Marketing

We will build the Moiwak brand primarily through carefully curated social media content, capturing both the lifestyle dimension of Moiwak and individual products – supported by local influencers. We believe our story has strong traditional PR potential. We also bring extensive personal and professional networks and will actively drive traffic to both the physical and digital store.

Social media
Curated content reflecting lifestyle and products. Authentic, editorial, not promotional. Supported by local outdoor influencers.

Personal networks
Between the founding team: design, media, restaurant, sports, health and retail industries across Sweden and internationally.

PR potential
Four adventurous families, a UNESCO Heritage site – our founding story is genuinely worth telling.

Moiwak.com
Story-driven AI-empowered e-commerce with editorial content, brand partnerships and direct digital reach from day one.

Professional depth. Genuine connection.

The founding team

Måns Jacobsson Hosk
Co-founder, Chairman
17 years building Kurppa Hosk, international design agency and co-founder global consultancy collective Eidra.

Thomas Kurppa
Co-founder
Also 17 years building Kurppa Hosk, international design agency and co-founder global consultancy collective Eidra.

Co-founder
Brand management at IKEA. Retrained firefighter. Nature and adventure are central to his life.

Hanna Jacobsson Hosk
Co-founder, Digital & AI
AI and digital lead. Technical and strategic capabilities underpinning e-commerce and content strategy.

Why choose Moiwak as your retail partner.

Partnership
Why Moiwak

We are currently establishing supplier partnerships for our opening season.

01 – First-mover in a proven market
Be the founding brand partner in Sweden's #1 bike destination – a positioning that cannot be replicated

02 – Your brand in context
At Stenegård, surrounded by the landscape your products were designed for. Not a shopping centre..

03 – Dual-channel exposure
Physical presence at a high-footfall heritage site combined with national editorial e-commerce.

04 – A partner who uses the gear
Moiwak's founders are outdoor enthusiasts. We understand your product. We will represent it honestly.

05 – Long-term relationships and commitment.
We are building a permanent lifestyle destination. We want to grow with you over seasons and years.

Let’s build something worth carrying.

Contact

We are currently establishing supplier partnerships for our opening season in July 2026. We would love to explore how your brand fits in Järvsö.
